## Great Hockham News Sheet

Issue No 547  
April 2024

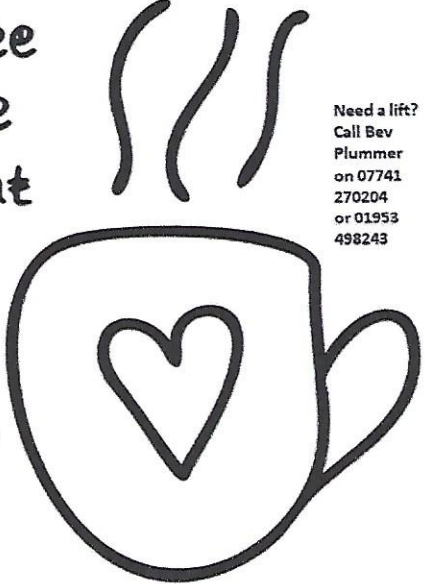

### Editorial

Over the last couple of months, Hockham has lost a couple of ladies who contributed much to life in the village. Apart from Jo Wyatt, of whom we heard quite a lot last month, we also lost Chris Woodsford. Chris delivered In Touch for us, in the village centre, for many years, and helped us in so many other ways. Everyone, especially anyone with a dog, knew Chris, so she was the ideal person to ask if there were tickets to sell, or refreshments to be served. She didn't wait to be asked, she volunteered. Those sort of people are priceless in village life. The only thing Chris was averse to was serving on committees, but a lot of committees were extremely grateful for her help, including In Touch. R I P Chris.

As far as I am aware, there are no April fool articles in this issue, but over the years we have featured some very good ones. Before the by-pass was opened we put an item in the April edition saying that the EU were using the new piece of road as an experiment for driving on the right. The local policeman, John Howard (Bluey) was not amused, asking why we knew about this, and he didn't, especially as he would be expected to police it. He did see the funny side of it when he was reminded of the date. As I said, no reason to worry about any articles this year.

**From Revd Adrian Bell**

As you read this article probably the festival of Easter will be finished. The Easter egg hunt by our grandchildren in our garden will have taken place and no doubt millions of Easter eggs will have been bought and consumed. But have you ever thought why we have Easter in the Spring?

Is the answer that we have Easter at this time of year when gardens are coming alive and spring flowers are blooming? No. The answer is that the moon has something to do with it. The date is the first Sunday after the first full moon appears after the Spring

equinox. Easter is early this year as you will know. But how do we know that the first Easter was in Spring? We know this because it is connected to the Jewish Passover Festival which is a very important festival in the Jewish year and this must take place in March or April and this year it falls between April 5<sup>th</sup> and April 13<sup>th</sup>.

So we know that the first Easter took place in Spring and probably in April, but the importance of this long season of Easter, which lasts until 9<sup>th</sup> May when we celebrate the Ascension Day, is to thank God for this wonderful event.

We live in a world with so many ageing leaders, difficult worldwide economic forecasts, war, rising sea levels and I could go on. For me the Easter story gives me hope that with all the difficulties we have, we have something positive to celebrate and to remember.

Our church buildings were all built to celebrate the Resurrection not death. We enter the church as we begin life at the Font, often being baptised, we travel down the Nave aisle and often are married at the Chancel steps and we head on upwards to the Sanctuary which represents heaven.

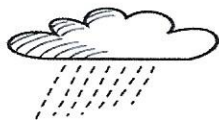

We are all on a journey – so let us think about this journey and how we can help people on that journey.

With every blessing  
Adrian

## Hockham's History Hockham Market and Fair

In 1272 Denise de Monte Casnisio (Dionise de Montchensy) received the grant of a market and fair. The market was a weekly one held on Fridays at her manor in Hockham and the annual fair on the feast and the morrow of the Nativity of St Mary and the two days following (8-11 September). The marketplace was the area we now call the green and was until recently called Market Hill.

The fair continues today with the Hockham Hornfair and likely sold goods specifically made from horn. Things like handles for knives or drinking horns or even used as a translucent lampshade.

The granting by King Henry III was a significant moment in the village history, but was likely granted for tax purposes, the crown profiting from the events.

**This coming year's Hornfair will take place on Sunday 26<sup>th</sup> May 2024, the 792<sup>nd</sup>.**

## Hockham Community Car Scheme

David Sumbler has kindly agreed to co-ordinate the village community car scheme. David's contact details are 07974 740401 or [david@aeolia.co.uk](mailto:david@aeolia.co.uk) and the scheme will as previously be for doctors, hospital, opticians, or dentists' appointments only.

There are only a few drivers, so we cannot guarantee a trip being possible, but will do our very best. A contribution of 20p per mile is paid by the passenger, the rest being topped up to the driver by the Parish Council, via a Breckland Council grant. The scheme is for Hockham residents only.

## 60s and 70s Evening

Saturday 18th May - Save the date - for an evening of 60s & 70s nostalgia.

On the evening of 18th May Hockham Church will play host to an evening of music, buffet food and outfits guaranteed to remind many of us of those heady days of our youth, when twisting meant dancing not spraining a joint. It's a not-to-be-missed chance to revisit days of flower power, hippies, mods and rockers, Beatlemania.

For others, too young for the 'Fab Four' it's the chance to find out what your grandparents got up to in the years before smart phones were even heard of.

7pm start. Tickets £20 each. Ring 498243 to book yours!

## **Great Hockham Primary School & Nursery**

I can't believe how quickly the year is passing and that it is the end of the Spring term already. We've had a very busy time in school, the children should be proud of how hard they have worked and the progress they have made.

We celebrated World Book Day by dressing up as our favourite book characters and took part in an Extreme reading competition, where the children had to read in the most imaginative place possible. There were photos of children reading on farming machinery, in a swimming pool, in the cockpit of an aeroplane and even standing up on a horse! We focused on the book *Window* by Jeannie Baker. It is a wordless book and shows how the view from the window changes as a child grows up. It begins with fields full of animals and crops when he is a baby, to it becoming part of a built up city when he is an adult and has his own children. We discussed the changes we could see and imaged what we would like to see out of our window. The children then created their own collages sharing their ideas.

The children from Nursery to Year 6 led a Curiosity Café, where we invited parents in to see what we had been learning about in our Science curriculum. The children carried out experiments and explained to parents what they were learning about. They explored science through a range of activities and invited their parents to join in. It was wonderful to see the children confidently explaining what they had learnt about and answering any questions the parents had.

Children in Key Stage 2 also went on a residential trip to Hilltop Outdoor Centre, in Sheringham. They tried a range of activities including a high ropes course, a zipline, an assault course and mountain biking – which they thoroughly enjoyed. Some were a bit nervous at first, but

overcame their fears and gave every activity a really good go. We were extremely proud of each and every one of them!

Have a lovely break at Easter.

Lisa Hazard – Headteacher

## **School Birthdays**

“Happy Birthday” to Harrison E, Luna S, Liam, Sienna T, Riley, Harrison W, Harriet, Abigail and Elodie.

Hockham Book Club will meet at The Eagle on Tuesday 2nd April at 7.30 to talk about the latest library book: *The Silent Patient* by Alex Michaelides, a mystery thriller. It has unofficially been getting thumbs up already as one of the best reads so far, a real page-turner.

Eight members attended our March meeting where *The Marriage Portrait* by Maggie O'Farrell provoked plenty of lively discussion. Karen was the lucky ticket holder, winning the raffle prize.

## **Volunteer Help Needed**

The Playing Field Committee are looking for volunteers to help with various events throughout the year – could you help with putting up marquees, baking, manning stalls, marshalling at events or anything else that would be helpful? We appreciate you might not be available for all events, but any and all help is much appreciated.

If you can help, please message or call Aimie on [07930 158911](tel:07930158911).

Thank you.

## Calling all Car and Motorcycle

### Enthusiasts!

Just for a bit of fun, Wretham Village Hall Committee is putting on a local car and bike event in May.

The idea of petrolhead, village hall committee member, writer and Goodwood enthusiast Bryan Lightbody, the 'Wretham Revival' is set to be a simple event for those living near or far to show off or admire cars and bikes at an informal meet.

Making use of the car park, the small green space and the basketball court if necessary, from 10am to 2pm, it's open to anyone to bring their pride and joy, any year, any marque, in fact anything! Motorcycles, cars, lorries, military vehicles bring whatever you want, **no charge**, just space permitting.

The kitchen will be open serving tea, coffee and bacon rolls with just a suggested donation for the refreshments. There are toilets and there will be tables and chairs in the hall for chilling out with food and drink.

For those who don't know, Wretham village hall sits just off the A1075 at the top of Church Lane in the middle of the village.

On show, amongst other things, will be a classic Rover SD1 purchased from Mathewson's in North Yorkshire before 'Bangers & Cash' was a hit TV show. The car featured in series one where, following purchase, it spent some time in France before returning to the UK.

Keep the date free, it's **Sunday 5th May 2024**, with Wretham having a busy weekend with the open gardens at the stunning Wretham Lodge taking place too!

## Dog Fouling

I appreciate that the vast majority of dog walkers pay very close attention to disposing of their dog's waste and I would like to thank them for doing so but unfortunately the Parish Council continues to receive complaints of dog fouling, with a small minority of owners clearly failing to clean up during their walks.

Although this failure is very antisocial wherever it occurs, it is a legal requirement in many places not to allow it to happen. Leaving dog waste behind in public places is also dangerous, with dogs frequently excreting the eggs of a parasite, *toxocara canis*, which can cause blindness in people, particularly in children - an added reason (if one was actually needed) to clean up properly at all times when walking a dog.

I've seen daily evidence of fouling on footpaths, pavements, in the playing field on Harling Road and close to the village school. Sometimes this has occurred within yards of the bins provided for its disposal. Those bins are located in very convenient locations throughout the village, they are emptied every week and are never full to overflowing, the bags used for disposal are inexpensive and widely available and I find it incredible that anyone should choose not to use them.

To the small minority who are causing this problem, please consider everyone else when walking your dog, and act responsibly. It's not much to ask for the privilege we all have of being able to use the footpaths and open spaces of this wonderful village without having to avoid the fouling that some are so thoughtless as to leave behind.

Tom Bennett

Chairman, Great Hockham Parish Council
